21 File No 135 of 1914.

Serial No 27. I cannot see in favour of this site being granted & any one can be building upon it. The erection of buildings upon this land does not come of for the first time & can be seen from the President's letters & the records, appeals that have been made from time to time & have been & be rejected —

The opinion of the Secretary authority is distinctly against building & so is that of the Municipal Commissioners.

First. also have concerned in this view more than once.

The Wesleyan mission wanted to build their Hostel here & Objection was taken to this on sanitary grounds. I think it would be counted as a sort of robbery if we should grant the prayer & build upon the site in question in the face of all that has taken place previously —

In appearance such as this are in question should be, in my opinion, as far from the "Municipal" authorities quarters of the city as possible, in the interests of the animals themselves. It cannot be denied that no other equally eligible site can be found.

4/5/15

33 After my inspection of the site in company with the Second Member of Council, I had a further discussion with the President of the Municipality on the question I am informed that the Municipal Council have no particular objection to the grant of the site They were against the proposal because the Deputy Sanitary Commissioner declared that the site was unhealthy and should not be built upon. As Subrayankere is now completely drained and will not be allowed to fill again, there is no insuperable objection, from a sanitary point of view, to granting the site.

Another point urged against the grant is that previous applications for the site including one from the Wesleyan Mission had been rejected. But circumstances have now changed Moreover, it has to be remembered that the site now occupied by the Anathalaya is wanted by Government or may at

NOTE—Contn sheet.

12

Submitted to His Highness

37

The existing Anathalaya building was acquired on account of its proximity to the Maharani's College and it is necessary to give another site in exchange. The matter has been under correspondence for about three years.

2 A Committee who was asked to select a site recommended the site situated to the east of Subrayankere as the best suitable for the location of the institution.

3 The Deputy Sanitary Commissioner and the Sanitary Commissioner object to the grant of the site on sanitary grounds

4 The Dewan and Second Member of Council inspected the site and have both agreed that as Subrayankere is now completely drained and will not be allowed to fill again, there is no insuperable objection, from a sanitary point of view, to grant the site, and that it may be given for the purpose

5 Though personally, I should have preferred a drier site for the Anathalaya, I solicit sanction to grant the site as recommended by the Committee to the Anathalaya Special precautions will be taken for all necessary sanitary arrangements in connection with the buildings to be erected and the requirements of the surrounding quarter

D. O. No. 2465

My dear Sir,

I think the question of a new site for the Anathalaya at Mysore was often referred to the local officers, but has made no progress. I do not know where the trouble is would you kindly speak to the Huzur Secretary and the Deputy Commissioner and arrange for an informal meeting of the following officers and gentlemen —

1. Yourself,
2. Huzur Secretary to H.H. the Maharaja,
3. The Deputy Commissioner, Mysore,
4. Mr. Amble Annia Pandit, and
5. Mr. M. Venkatakrishnaiya?

You may be able to agreed by them or by a majority and send up some reasonable proposals for dealing with the question within a fortnight?

Government look to the local officers to suggest a proper solution of all such questions and to ask for orders I shall be obliged if you will help to get this question settled.

Yours sincerely,
M. Visvesvaraya

Dewan of Mysore.

// 03998 D. O. No 2146 22

D O No.608/Enc.Two

CITY MUNICIPAL OFFICE,
MYSORE

Dated 10th December 1914

Dear Sir,

I beg to acknowledge receipt of your kind D O No 2465 of the 1st instant about the selection of a new site for the Anathalaya at Mysore In obedience to the kind instructions issued in the above D O , I inspected on the morning of the 4th instant, sites in the heart of the City, with Messrs Mirza M Ismail, Huzur Secretary to His Highness the Maharaja, Amble Anniah Pandit, M Venkata Krishnayya and G H.Krumbiegel The Deputy Commissioner was not in town and he could, therefore not accompany us

2. I submit herewith for your kind perusal and favour of orders a copy of the inspection memo of the informal Committee, recommending that the site situated to the east of Subrayanakere as the best suitable for the location of the institution I beg to append hereto a ferro type plan of the sites proposed and approved by the members.

As per D O.No.2465 dated 1st December 1914 of the Dewan Sahib regarding the site for the Anathalaya of Mysore, I --- inspected this morning the following sites in company with -- Messrs , Mirza M.Ismail, Amble Anniah Pandit, M.Venkatakrishnayya and G.F.Krumbiegel.

&&&&&&&&&&&&

1. Anathalaya.

This is better suited for the Maharani's College Hostel than for the Anathalaya. The objection that the site is situated closely to the Narimallappa's boys' school can be got over by having no windows on that side and by raising the compound wall between the two institutions sufficiently high as to cut off all communication between them It was decided that the Hostel be located here.

2. Vacant land which belonged to late Sir P.N.Krishna Murti adjacent to the compound of the present Guests' Quarters.

This is too important a site to be utilized for either of the two institutions, Maharani's College Hostel or Anathalaya It was decided to be reserved for some thing better than these

3. Vacant site to the east of Subrayanakere.

This piece of land was applied for by Mr S Venkatavaradana Iyengar on 1st June 1906 for extending the compound of his bungalow and the Council passed a resolution offering the site on condition that the same be enclosed by a neat compound wall and that no buildings be erected. Mr S Venkatavaradana Iyengar declined to accept the conditions and the matter was dropped Subsequently on the application of the Theosophical Society to erect a building on this site, the Government passed orders (No 2305-10/ 1.101-12-3 dated 16th September 1912) to the effect that no building should be allowed to be erected on the tank bed or sanitary and other grounds and that the tank bed should be left untouched and the entire square kept open and unencroached for the benefit of the houses in that locality An application by the Wesleyan Mission

Mission authorities for the grant of the site for a hostel was also refused on the same grounds. In their Resolution No.7 dated 25th April 1914, the Municipal Council agreed to place the above strip of land at the disposal of the Ayurvedic College for a herb garden but no further action in the matter has been taken till now and the site still contirues in the possession of the Municipality Mr.M.C.Sreenivasa Iyengar's application for the same site has also been rejected

The site has since been pronounced healthy by the Health Officer as the Subrayanakere has been effectively drained. The members of the Anathalaya had applied for it long ago i.e. in March 1912 and are, therefore, agreeable to the location of the institution on this site. All unanimously voted for this site. The area of the site belonging to Municipality is 4,005 square yards.

4. Site lying to the north of Chamaraja Road and to the east of the Volagadakere.

This site was voted to be given to Anathalaya as per Trust Board Resolution No.1 dated 31st July 1912. This is not approved by the members of the institution, being in a low level and surrounded by many insanitary houses. The officers who inspected the site this morning also were of the same opinion, and preferred No.3 site to this in every respect

---

After inspecting all the above sites, the informal Committee resolved that No.3 site viz. the vacant land to the east of Subrayanakere be recommended as the best suitable for the location of the Anathalaya.

4th December 1914,
Mysore

To

D M Narasinga Rao, Esquire , B.A ,B L.,
Secretary to the Govt of Mysore,
General & Revenue Department

Through the Deputy Commissioner, Mysore Distr

Sir,

With reference to correspondence ending with you D.O. letter No. 5026 dated 26th December 1914 asking me to s formal proposals with a copy of the Municipal Council's reso in the matter of granting the site lying to the east of Subbarayankere for the Anathalya, I have the honour to state the same, together with the opinion of the Health Officer, C Mysore City, that the site is healthy, having been placed bef the Municipal Council in their meeting held on 16th January it was resolved that the question be referred to the Sanita Commissioner for opinion as to its suitability or otherwise the location of the institution at the place. There-upon a reference was made to the Sanitary Commissioner and the was inspected by the Deputy Sanitary Commissioner who howeve opined that he did not approve of it for the Anathalya. Th Sanitary Commissioner in communicating the above in his lett No. 3927 dated 22nd February 1915 (copy of which is herewith enclosed for reference) states that he agrees with him.

2. The Municipal Council before whom the quest

was

35

was again placed have accepted the opinion of the Sanitary Commissioner. A copy of the resolution No. XVI passed by them on 25th ~~instmo~~ January 15 is herewith submitted for information.

3. The members of the Anathalaya however ~~consider~~ have no objection to the location of the Institution on this site ~~as very desirable~~ provided the Government are willing to give them the whole site which measures 8394 square yards.

4. The area of the site on which the Anathalya is at present located is only 1025 square yards and reasons for asking for a larger area are given in the letter dated the 13th instant received from Mr. Venkatakrishnyya, copy of which is herewith enclosed for your kind perusal His argument is that the Anathalya being a growing institution, the site selected for its location should have sufficient space to enable additions to be made from time to time to accomodate all real orphans in the State and to establish a work-shop to train them in weaving, carpentry and other paying home-industries.

5. I think the reasons assigned by him are sound and deserve consideration, and I therefore request you to be so good as to place the matter before Government and obtain their kind orders.

I have the honour to be,

Sir,

Your most obedient servant,

Ramakrishna Rao

President.

Letter No. 3708 dated the 8th February 1915, from the Deputy Sanitary Commissioner to the Sanitary Commissioner.

- ,o o o o o o o o o o o -

With reference to your letter No. 3437 dated the 27th ultimo, I have the honor to state that I inspected the site and do not approve of it for the Anathalya.

2. The same site was inspected by me in March 1914 and the opinion was given that it was "from a sanitary - point of view unfit to be built upon". It was however recommended that it could be utilized as a her& garden for the Ayurvedic College.

3. In proceedings No 2308-10 Ml 107-12-2 dated the 16th September 1912, the Government have expressed the opinion that this site should be left untouched and - unoccupied for the benefit of the houses in that locality.

4. It is highly desirable that this decision should be strictly adhered to and that large open spaces should not be encroached upon The fact of their acting as lungs in crowded and growing cities is too patent to need any - reiteration.

5. The orphanage would require a number of latrines which cannot be conveniently located in the proposed site which has important roads running on all four sides of it. The latrines when built would prove to be sources of nuisance to the owners of the houses already built by the side of two of the roads abutting the site and to the general public that frequent the other two roads

To

T.G.Lukshmana Rao, Esq.,
Chairman of the Trust Board and
President of the City Municipal Council,
M y s o r e .

Dear Sir

Your letter of the 13th April to hand. The Anathalaya is a growing institution Charitable people now and then come forward to build additional blocks Original Anathalaya was that of --- Nanjundappa and Visvesvarananda Saraswathi. Then came contractor Dasappa, afterwards Mirle Krishnappa and subsequently H Krishna Rao Retired Regimentdar. Now and then charitably disposed gentlemen come forward to add to the building as well as to the charity It is my wish that there should be room for such additions. We must be in a position to take charge of all real orphans in the State When people become orphans they become the children of the State When public bodies come forward to manage such orphanages, liberal help should be given both by the Municipality and the Government I, therefore, request you to recommend the whole of the site to the east of Subrayanakere to be given to the Anathalaya so that there may be accommodation for the extension of charity It is also -- desirable to have in connection with the Alaya a work-shop with weaving, carpentry and other paying home-industries This is another reason why I want the Whole of the site to be given to the Alaya

Hoping that you will kindly recommend to the Govern ont the grant of the whole site,

I remain,
Yours sincerely
(Sd) H Venkatakrishnaiya
